Announcement: Delinquency Allowance

Bolivar Water Supply will be reducing the past due allowance from 60 days to **30 days**, effective **January 1, 2025**. Members will no longer be allowed to remain in arrears beyond this period. To avoid any disruptions in service, please ensure that your account is brought to a zero balance by January 1, 2025.

As a reminder, bills are due on the 15th of each month. If payment is not received by the 15th, a 5% late penalty will be applied, and a disconnection notice will be issued. If payment is not received on or before the disconnection date, services will be terminated, and a \$100 disconnection fee will be charged.

If you need to establish a payment plan to help bring your account current, we encourage you to do so as soon as possible.

Sincerely,

Bolivar Water Supply
